# PresentationPoint

Is it used to its fullest **potential**?

**Disjuncted** and out of a place?

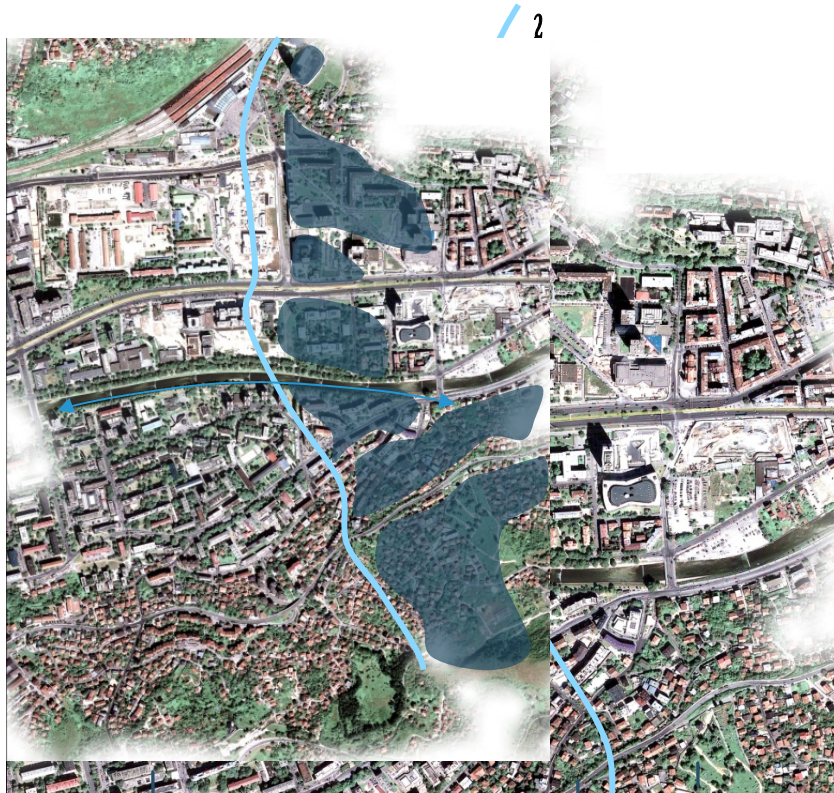

The land is being **taken away** from the **people**!

**Scale** issues!

Better **connection** between old and new!

# Analyses

# PresentationPoint

How to **integrate** and create a **balance**?

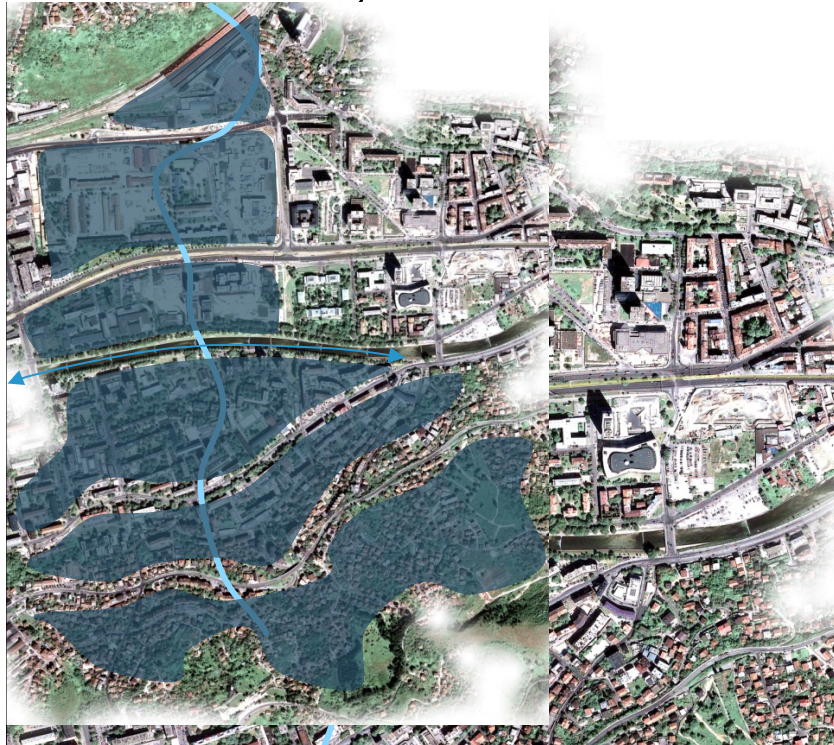

Controlled **future** development?

Better **conscious** decision of what is placed around?

New **road**?

# Analyses

Is there a better way to **disguise** it?

**Link** between the campus?

Connection with **National Museum**?

**Sparkle** of life?

# Section of Interest

# PresentationPoint

How can we **disguis** program that does not belong in the area to **emphasise** what is already there?

To implement **a path** that will better integrate the University, Museums and the pedestrian road, to **navigate** the area and **connect** the two sides.
